

KEVIN REMON GEORGE

Data Analyst | Computer Science & AI Student

Cairo, Egypt • Kevinrgeorge2006@gmail.com • (+20) 1224431131 • [LinkedIn](#) • [GitHub](#)

Portfolio Website: <https://kevin-remon.vercel.app>

PROFESSIONAL SUMMARY

Computer Science and Artificial Intelligence student at Cairo University with hands-on experience in data analytics, business intelligence, and full-stack software development. Certified Microsoft Power BI Specialist with proven ability to build interactive dashboards, write complex DAX formulas, and transform raw datasets into actionable insights. Proficient in Python, SQL, Power BI, and Tableau. Seeking opportunities to apply analytical and technical skills in data-driven environments.

TECHNICAL SKILLS

Data & BI Tools: Power BI, Tableau, DAX, Power Query, Data Modeling, ETL, Business Intelligence Reporting

Programming Languages: Python, SQL, C++, C#, JavaScript

Frameworks & Libraries: Django, Django REST Framework, Electron

Core Competencies: Data Visualization, KPI Tracking, HR Analytics, Dashboard Development, Data Storytelling, Frontend/Backend Development, OOP, Image Processing, Audio Programming

WORK EXPERIENCE

Freelance Data Analyst | Self-Employed

Jan 2025 – Present

- Designed and delivered Power BI dashboards for HR analytics, KPI tracking, and business performance monitoring for multiple clients, reducing manual reporting time.
- Analyzed business datasets using Python and SQL to identify trends, growth opportunities, and performance bottlenecks.
- Communicated findings to non-technical stakeholders through visual data storytelling and actionable reports.
- Applied DAX and Power Query to build calculated measures, data models, and automated data transformations.

PROJECTS

Workspace Reservation Desktop Application

2026

- Built a full-stack desktop application using SQL, C#, and Electron for managing workspace bookings.
- Implemented input validation logic to improve data integrity, reducing invalid entries and enhancing overall user experience.

Online Library System

2026

- Developed a full-stack web application using Django, Django REST Framework, HTML, CSS, and JavaScript.
- Integrated RESTful backend APIs with frontend interfaces, ensuring consistent data rendering and seamless user workflows.
- Improved UI consistency across all pages, resulting in a more accessible and professional user experience.

Image Filter Tool

2025

- Built a C++ image processing application applying convolution-based filters (blur, sharpen, edge detection) to bitmap images.

Music Player Application

2025

- Engineered a cross-platform desktop music player using JUCE and C++ with full audio playback, media controls, and playlist management.

EDUCATION

Bachelor of Computer Science and Artificial Intelligence | Cairo University 2024 – 2028
Relevant Coursework: Data Structures, Algorithms, Artificial Intelligence, Database Systems, Software Engineering, Object-Oriented Programming

CERTIFICATIONS

Microsoft Power BI Specialist - DEPI Jun – Dec 2025
General Level Certificate - DECI 2023

LANGUAGES

Arabic (Native)
English (Professional Working Proficiency)
